MEMORANDUM FOR THE RECORD

SUBJECT: Department of State Representation on the  
Utilization Advisory Board

1. At 1045 on 18 February 1957, I met with Mr. Howard Furnas, Department of State, and suggested that State might wish to consider participation, as a member, in meetings of the Utilization Advisory Board. Mr. Furnas felt that, at least for the present, State had no particular interest in the utilization of material derived from Project AQUATONE, but that he would appreciate an opportunity to reconsider the invitation for State participation in UAB meetings at some future date.

2. Mr. Furnas asked that State be put on regular dissemination for the Monthly Accessions List and any finished intelligence derived from a blending of photo intelligence briefs and memoranda together with other sources. [redacted] was apprised of Mr. Furnas' request by phone and assured me that he would comply with the request.
